

LOCAL NEWS.

MORRISVILLE.

Great weather, this.

Mrs. G. M. Powers was in Burlington several days last week on business.

Mrs. Moses Mayo of St. Johnsbury visited her sister, Mrs. Ella Buckley, several days last week.

Mrs. Henry Thomas was called to Jeffersonville last week by the sudden death of her brother, J. H. Butler.

Mrs. M. A. Stone has closed her residence on Bridge street and is living in the family of Mr. and Mrs. E. W. Webster on Summer street.

Geo. F. Earle has recently had a Citizen's telephone installed in his store. All orders received by telephone will receive prompt attention.

C. J. Slayton, who has been critically ill for a number of weeks is improving, and his many friends hope to see him at his place of business again in the near future.

Charles Barnes of Manchester, N. H., a brother of Mrs. J. A. Bundy, and Miss Georgia Scott of Bakersfield, were guests at the home of Mr. and Mrs. J. A. Bundy several days last week.

Miss Mary Fisk entertained Miss Hager of Pittsfield, Mass., a sister of Rev. C. S. Hager of Hyde Park, last Friday. In the afternoon in honor of her friend, Miss Fisk gave an afternoon tea to a few of her friends.

Daniel P. Healey of St. Johnsbury, manager of the New England Telephone Exchange in St. Johnsbury, formerly of this Exchange, passed through here last Friday on his way to Rutland, to attend the funeral of his father.

Mrs. C. H. Slocum and daughter, Miss Marguerite, left yesterday for Hannibal, Mo., where they will make an extended visit to Mr. Slocum's uncle, Capt. C. J. Lewis. Mr. and Mrs. Lewis are quite well-known here, having visited Mr. Slocum's people last year. They will visit friends in Chicago on their way out.

Following are the officers elected at the meeting of the Ladies' Aid Society of the M. E. church, held with Mrs. Geo. Morse last Wednesday afternoon, to serve for the year ensuing:— Pres., Mrs. A. A. Niles; Vice-Pres., Mrs. J. J. Rivers; Sec'y., Mrs. Henry Waite; Treas., Mrs. H. Allen; Auditors, Mrs. B. O. Shaw and Mrs. A. R. Campbell; Executive Com., Mrs. A. F. Whitney, Mrs. J. R. Parker, Mrs. Emma Marvin, Mrs. O. W. Davis and Mrs. Geo. Morse.

The last dancing school of the term given here by Prof. Elmore was held last Friday evening with a large attendance. The school has been a decided success, both in a financial and social way. The managers of the enterprise are to give a public week from Friday night at N. E. O. P. hall with an oyster supper in the G. A. R. hall across the road. An orchestra of several pieces, including Mr. and Mrs. Elmore, will furnish music and a fine time is assured. Admission free to scholars, who have paid the full tuition. To others the full bill will be \$1.00 per couple.

The Wesleyans.

Last Thursday evening Town Hall was filled to hear the second number in the Business Men's Course and those present were treated to one of the very best entertainments of its kind ever heard in Morrisville. Every number on the program was encores and pleasantly responded to. As a male quartet the Wesleyans easily rank with the best. The high quality of their selections and the excellent manner in which they were given, won the hearts of the audience from the start. Especially fine was the rendition by the quartet of the piece entitled "Sunset" by Van de Water. The solo work of Mr. Rose and Mr. Farmer and the whistling of Mr. Ireland were all enthusiastically received. Mr. Houston as an entertainer is a whole show in himself and adds that variety to the entertainment which at once puts any suggestion of monotony out of the question. His imitations and impersonations were wonderfully realistic and his imitation of the Morrisville Military Band brought down the house.

Altogether the company were a dear cut, gentlemanly lot of fellows, who are assured a crowded house should they again visit Morrisville.

The only cure for indolence is work; the only cure for selfishness is sacrifice; the only cure for unbelief is to shake off the ague of doubt by doing Christ's bidding; the only cure for timidity is to plunge into some duty before the chill comes on.—Rutherford.

A Deep Mystery.

It is a mystery why women endure Backache, Headache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizzy spells when thousands have proved that Electric Bitters will quickly cure such troubles. "I suffered for years with kidney trouble," writes Mrs. Phoebe Cherley of Peterson, Ia., "and a lame back pained me so I could not dress myself, but Electric Bitters wholly cured me, and, although 73 years old, I now am able to do all my housework." It overcomes Constipation, improves Appetite, gives perfect health. Only 50c at Slayton & Sanders' drug store.

HYDE PARK.

The Rev. Fr. Lachance visited his brother at Fairfield last week.

Fred Keeler, as cheerful as ever, was down from St. Johnsbury last Friday.

S. B. Waite attended a public installation of Old Fellows at East Hardwick last Friday night.

Walter Strong had another car of arthritic coal come last Friday. It was quickly disposed of at \$9.85 delivered, giving a fair profit to the firm handling it.

Remember Hon. Felix McGettrick, late Democratic candidate for Governor, speaks against the referendum at the Town Hall next Thursday evening. Don't fail to hear him.

The Y. P. S. C. E. held a very interesting meeting last Sunday evening. China was the topic and interesting papers were read on the people, habits and customs of that empire.

A horseman from New York, Mr. Strauss, has bought the Crane horse of Walter Strong, paying \$175 for it. True is of the opinion that \$200 could have been had if Walter had only said so.

F. A. White and family left for New York last Friday evening. It was exactly six years to a day that Mr. White came to Hyde Park and he has been one of the best employees this establishment has ever had. The best wishes of many friends go with them.

The Home Culture Club had a very interesting meeting with Mrs. H. A. Noyes last Wednesday evening. Interesting papers on "Paris" were read by Mrs. Emma K. Wiswell and Mrs. Ellen F. Page. The next meeting occurs Feb. 4 and will be held with Mrs. Page. Preparations are under way for a musicale to be given March 4th.

The Lyceum last Friday night was well attended. The Monroe Doctrine was handled with great skill, the arguments both for and against it showing great study and preparation. The jury decided that the doctrine ought to be abolished. There was music, recitations and the always interesting school journal. The finale was a prom.

THE ODD FELLOWS

Sterling Lodge, I. O. O. F., held its installation of new officers last Wednesday evening. D. D. G. M., R. O. Sturtevant of Swanton was present, also Grand Warden Morton of St. Albans. In addition to these there was a large attendance of members of the lodge. The retiring N. G., E. L. Ingalls of Vergennes was present and presided at the working of the Initiatory Degree, which was conferred upon Rev. C. S. Hager. The work was admirably done and the lodge was highly complimented upon the same by the Grand Lodge officers. At the conclusion of the Degree work the new officers were installed by the D. D. G. M. The complete list as follows:

W. P. Boomhower, N. G.; P. T. Denio, V. G.; S. B. Waite, Sec'y.; A. H. Grimes, P. S.; E. L. Noyes, Treas.; W. N. Putnam, W.; W. W. Thorpe, Con.; G. R. Hilliard, C. G.; F. B. Crowell, C. G.; A. H. Keeler, R. S. N. G.; D. T. Hanley, L. S. N. G.; C. E. Denio, R. S. V. G.; H. Brown, L. S. V. G.; P. B. Foster, R. S. S.; M. H. Goodhue, L. S. S.; W. D. Manning, Chap.; E. L. Ingalls, P. G.

After the installation Mr. Sturtevant gave an interesting address concerning the order. Then came refreshments, informally served, yet enjoyed to a high degree by all, concluding with a social hour, songs and a smoke talk. The event was a very pleasant one and greatly enjoyed by all. The brothers present from out of town were: E. S. Holman of St. Albans, G. B. Hulburd of Jericho, W. P. Smilie of Cambridge, A. L. Laraway of Waterville, W. H. Nye and Lewis Fletcher of Johnson. Bro. Nye remembered the "boys" with a couple of boxes of A1 cigar.

Blown to Atoms.

The old idea that the body sometimes needs a powerful, drastic, purgative pill has been exploded; for Dr. King's New Life Pills, which are perfectly harmless, gently stimulate liver and bowels to expel poisonous matter, cleanse the system and absolutely cure Constipation and Sick Headache. Only 25c at Slayton & Sanders' drug store.

It is not always wise to judge by appearances alone. Just because a woman squints or "toes in" is no reason why her heart is not in the right place.

Brought Good Fortune.

A small item in his own paper lately brought amazing good fortune to Editor Chris. Reitter, of the Saginaw (Mich.) Post and Zeitung. He and his family had the Grip in its worst form. Their doctor did them no good. Then he read that Dr. King's New Discovery for Consumption, Coughs and Colds was a guaranteed cure for La Grippe and all Throat and Lung troubles; tried it and says: "Three bottles cured the whole family. No other medicine on earth equals it." Only 50c and \$1.00 at Slayton & Sanders' drug store. Trial bottles free.

Talk of your whirligig of time! Cuba, which for more than four hundred years had no political standing beyond that which Spain chose to give it, is now a republic and an independent nation and has just opened a legation in Madrid. And the governments are negotiating for treaties of commerce.

It's folly to suffer from that horrible plague of the night, itching piles. Doan's Ointment cures, quickly and permanently. At any drug store 50 cents.

An Ancient Foe

To health and happiness is Scrofula—as ugly as ever since time immemorial.

It causes blemishes in the neck, disfigures the skin, inflames the mucous membrane, wastes the muscles, weakens the bones, reduces the power of resistance to disease and the capacity for recovery, and develops into consumption.

"A bunch appeared on the left side of my neck. It caused great pain, was lanced, and became a running sore. I went into a general decline. I was persuaded to try Hood's Sarsaparilla, and when I had taken six bottles my neck was healed, and I have never had any trouble of the kind since." Mrs. K. T. Snyder, Troy, Ohio.

Hood's Sarsaparilla and Pills

will rid you of it, radically and permanently, as they have rid thousands.

New Ten Commandments.

I. Thou shalt not go away from home to do any trading, nor thy son nor thy daughter.

II. Thou shalt patronize thy home merchant and thy home printer, for ye, verily, doth thy home printer spread over the land glad tidings of thy goodness and greatness and they shall patronize thee.

III. Thou shalt employ thy own mechanics that they may not be driven from their homes to find food for their little ones; thou shalt consider him as thy neighbor, above them that dwell in a strange town.

IV. Thou shalt not ask for credit as goods cost much money, and the merchant's brain is burdened with bills.

V. Thou shalt not ask for reduced prices for thy "influence" for behold guile is in thine heart and the merchant readeth it like an open book. He laugheth thee to scorn and shouteth to his "ha, ha."

VI. Thou shalt do whatever lieth in thy power to encourage and promote the welfare of thine own town and thine own people.

VII. Thou shalt not suffer the voice of pride to overcome thee, and if other towns entice thee, consent thou not for thou mayest be deceived.

VIII. Thou shalt spend thy earnings at home that they may return from whence they came and give nourishment to such as may come after thee.

IX. Thou shalt not bear false witness against the town wherein thou dwellest, but speak well of all men.

X. Thou shalt take these commandments and teach them to thy children to the third and fourth generation that they may be made to flourish and grow in plenty when thou art laid to rest with thy fathers.

Unconscious from Croup.

During a sudden and terrible attack of croup our little girl was unconscious from strangulation, says A. L. Spafford, postmaster, Chester, Mich., and a dose of One Minute Cough Cure was administered and repeated often. It reduced the swelling and inflammation, cut the mucus and shortly the child was resting easy and speedily recovered. It cures Coughs, Colds, La Grippe, and all Throat and Lung troubles. One Minute Cough Cure lingers in the throat and chest and enables the lungs to contribute pure, health-giving oxygen to the blood.

The French sardine crop for the year is a failure. One of the causes assigned is at variance with experience of the ordinary fisherman. It is that the fish are too large. The sardine comes principally from the Atlantic coast of France—not from Sardinia.

One Hundred Dollars A Box.

Is the value H. A. Tisdale, Sumner, S. C., places on Dewitt's Witch Hazel Salve. He says: "I had the piles for 20 years. I tried many doctors and medicines, but all failed except Dewitt's Witch Hazel Salve. It cured me." It is a combination of the healing properties of Witch Hazel with antiseptics and emollients; relieves and permanently cures blind, bleeding, itching and protruding piles, sores, cuts, bruises, eczema, salt rheum and all skin diseases.

The most surprising property of aluminum is its newly-discovered power of giving a fine, razor-like edge to steel cutlery. Magnified a thousand times, the knife edge produced on the ordinary whetstone appears rough and jagged while that yielded by the aluminum sharpener is straight and smooth.

Croup.

The peculiar cough which indicates croup, is usually well-known to the mothers of croupy children. No time should be lost in the treatment of it, and for this purpose no medicine has received more universal approval than Chamberlain's Cough Remedy. Do not waste valuable time in experimenting with untried remedies, no matter how highly they may be recommended, but give this medicine as directed and all symptoms of croup will quickly disappear.

To Stamp Out Bovine Tuberculosis.

Victor I. Spear, of Randolph, secretary of the new State cattle commission says it is evident that Vermont farmers are anxious to stamp out bovine tuberculosis, for although the compulsory test is abolished, applications to test 2,000 cattle have come to the board since it was formed. Not all of these requests have yet been complied with, but up to this time about fifty cattle have been killed and every one was found to be diseased. Among the animals slaughtered were several from a Highgate herd and from a drover's lot in Ferrisburg. The new law differs from the old one in the matter of quarantining cattle coming into the State. Formerly this was a prerogative of the commission but now it is the commission's duty to enforce it. This task has not been very arduous, for the past two months, however, owing to the foot and mouth disease quarantine established by the government. Mr. Spear said there had been no trace of the disease in Vermont for three weeks and a request for the removal of the quarantine was sent to Washington Monday. Nothing has been heard regarding the request, but it is hoped and expected that it will be granted this week. Mr. Spear spoke highly of the attitude taken by Vermont farmers during the late epidemic. He said that in every instance they had co-operated heartily in the work of stamping out the disease.

We Will Keep up Prosperity's Stream.

Any fears which conservative business men may have of a check to the present prosperity in this country because of over-production resulting from the rapid growth of American industrial enterprises should be allayed by the encouraging view of the situation expressed by Frederick Emery, Chief of the Bureau of Foreign Commerce, in his annual report. He comments on the growth of productive energy in the United States, and foresees that it will in time exceed the demands of home consumption, but evidently believes that the invasion of foreign markets by American manufactured products, which is constantly on the increase, will open the way for a profitable and satisfactory disposal of the overplus from the mills and factories of the United States.

Mr. Emery says that American goods are gaining ground abroad, and that the trade rivalry of the United States, Germany and Great Britain is becoming yearly stronger. Of the year just closed he says: "The reports of consular officers for 1902 afford encouragement as to the permanence of the export movement in manufactured goods."

That this export growth, coupled with the increasing home demand for manufactured products in the West, where agricultural prosperity is largely augmenting commercial activity, will be equal to the country's industrial growth, there is no good reason to doubt.

Trade with the Philippines is bound to increase as that territory responds to the influence of American energy and enterprise, constantly exercised in greater proportion. Then there is the great Northwest, as yet only on the verge of the tremendous commercial and agricultural activity which farseeing railroad capitalists are seeking to develop, and with which purpose in view they have invaded that country with the greatest civilizing force of the century, the steam railroad. So numerous are the directions in which the United States can advance in a commercial sense that in the contemplation of them one becomes impressed with the breadth and power of the greatest nation on the globe, and pessimistic thoughts are at a discount.—Troy Times.

A Scientific Discovery.

Kodol does for the stomach that which it is unable to do for itself, even when but slightly disordered or overloaded. Kodol supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles of that organ are allowed to rest and heal. Kodol digests what you eat and enables the stomach and digestive organs to transform all food into rich red blood.
